The Colville Project

www.thecolvilleproject.nz

January was a great month for The Colville Project, with two fundraising initiatives that brought in a combined total of over \$2000!

Throughout the several weeks of the Christmas Art Exhibition in Coromandel, local artist Lindsay Garmeson promoted the Project by offering the Project management team an opportunity to meet and talk with exhibition attendees on opening night, and by taking donations and raffling off donated items of a gift basket and cheeseboard. The cheeseboard and jewellery, donated by Kim & Kevin Brett, was won by Jean Copland from Wellington. The gift basket, donated by Marie Parsloe, was won by Mandy Willson. In addition Lindsay rounded out the funds raised with a \$200 donation. Thanks to all the participants with an extra shout out to those who donated prizes and promoted the project..

Then on 3 January, supporters of the Project put on a great fishing competition with 50+ entries, and with prizes available in a variety of categories. A good sized crowd attended the weigh-in and scooped up lots of sausages, cold drinks and raffle prizes. Congratulations to all winners:

- First Prize - Average Snapper - Gavin Coles
- Biggest Snapper - Sam Ireland
- Biggest Kahawai - Annie Ireland
- Average Kahawai - Blake Hinfelaar
- Junior Smallest Fish - Eli Shepherd
- Junior Average Fish - Kali Keeley

The Colville Project would like to thank all participants and volunteers, and especially all the individuals and businesses that donated raffle items and prizes. (Please check out our website and Facebook page for a full list.) We depend so much on this fantastic community support!

Going forward we encourage anyone out there who has a fundraising idea, big or small, to get in touch and discuss the possibilities with us. As the old saying goes, success brings success, and every effort that adds a little to our total funds raised is a success, and gets us closer to our goal.

In other news, Beca will shortly be starting work with TCP on a concept design for the centre. Watch out for more news on Facebook and our webpage (www.thecolvilleproject.nz)

CSSC will be closed on Friday Feb 13 for a planning day.

CSSC is seeking new Trustees

Are you interested in working with our northern Coromandel Peninsula communities to strengthen and build connections, capacity and wellbeing? We are looking to appoint new Trustees that are committed to our vision of strong and vibrant remote communities in the northern Coromandel Peninsula. New Trustees should expect to be active in the governance team and work to ensure we achieve our mission and strategic goals. If you have passion and skills, and some time to share, please download a job description and expression of interest pack from the CSSC website or collect from the CSSC Community Centre.

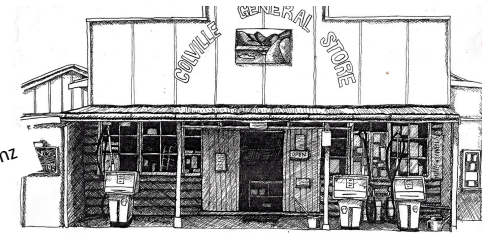

Expressions of Interest close: Thursday Feb 28 2019.

Nyung Nye Purification Retreat Feb. 17-20

The Tibetan New Year is celebrated on February 5th this year. The 15 days following that are special days for spiritual practice and we will have Sutra recitations each day at 11:00am for about 1 hour. At the end of this period we will complete a Nyung Nye, a two day fasting purification retreat, beginning early the morning of 18th and concluding before breakfast on the 20th. One needs to have faith in Buddha's teachings to attend the Nyung Nye.

**Finding Calm in the Chaos, a Meditation Retreat with Hedwig Bakker
Feb. 22-24**

We are very pleased to have Hedwig return with her Mindfulness Practice for the weekend of 22nd to 24th. No previous experience is necessary to attend, just an open mind and the wish to have some control over one's own mind and through that, one's life.

COLVILLE HARBOUR CARE
Te Umangawhā o Ngā Waka

Vision: "a healthy and thriving Hauraki Gulf"

Mission: "the communities of Colville working together for a healthy harbour"

What do we want to achieve in 2019?

- Build 3.8 km of fencing in partnership with local landowners to protect rivers, streams and wetlands that feed Colville bay
- Plant 16,500 native trees
- Collect native seeds locally & grow them in the nursery
- Create new jobs
- Continue removing rats and mice from coastal strips and wetlands
- Continue to support Colville School students in monitoring shellfish populations and stream health
- Enrich existing, and build new relationships with our community and partners

Why we are doing it

Colville Bay is connected to a larger oceanic ecosystem, the health of which is vital to support life on the planet. It starts here in our rivers, and expands to Tikapa Moana/the Hauraki Gulf, the Pacific Ocean and beyond. We want to do our bit. Taking care of our rivers and wetlands by fencing and planting trees is a positive, local way to start. It will also provide more habitat for, and protect our native species.

Want to get involved?

Working Bee Schedule for the first half of 2019.

NO WASTE NOMADS TALK

Two no waste nomads provided an entertaining and informative talk about their journey towards zero waste at Forager's Kitchen on Sunday 13th January. They introduced us to the waste hierarchy of refuse, reduce, reuse, recycle, rot/rubbish to help us consider our purchasing choices and they also gave advice on making our own food, household and personal products.

They suggested some simple things we could do to start our journey such as investigating composting and taking our own containers and bags when we shop and told us amusing (and sometimes embarrassing) stories of their personal experiences.

For those that would like to find out more here is the link to their website.

TCDC Updates

NZTA update on State Highway 25 - Thames Coast Road

Road works continue on the coast road - there will be about 5km of seal repairs on State Highway 25 north of Thames over the summer, with around 12km of resurfacing planned on the remainder of State Highway 25.

For more information on the SH25/SH25A Thames-Coromandel project, contact coromandel@nzta.govt.nz or visit www.nzta.govt.nz/thames-coromandel

Dry summer continues

With little rain this summers TCDC recommends you:

- Wait until you can do full loads before you use the washing machine.
- Don't run the water when brushing your teeth.
- For cool drinking water, fill a jug and keep it in the fridge. Running water to cool it down can waste 10 litres a minute.

Who Stole the Kiwis Call?

Unfortunately at the end of December someone decided they needed our kiwi call tower more than the kiwi listening platform at Port Charles did, so they helped themselves to it! They sawed through the very thick timber and stole the automated kiwi call tower that we had fund raised to have installed. This tower would emit either a male or female kiwi call when the button was pressed, enabling users to recognise a kiwi calling in the wild. It was a popular stop for many on the way to Port Charles, Big Sandy or further North. Because of this selfish and senseless destruction, we now need to raise funds to purchase and install a replacement. If you're able to help, please head to the 'Givealittle' website and look for our page, Who Stole the Kiwis Call. Every little bit helps...

MEG Summer Holiday Programme

At the time of writing, our Summer Holiday Programme has only one activity left. With over 19 activities taken place, 965 people engaged in nature and our environment, and over \$3,000 fundraised. Our programme offers people the chance to experience Coromandel's natural treasures and have an unforgettable encounter with nature. As David Attenborough said "No one will protect what they don't care about, and nobody will care about what they have never experienced"

Don't forget you can follow us on Facebook to keep up to date on what we've been doing. Have a great month everyone.

Kia ora koutou

As I write this it's mid-January already – it is pretty warm and everything is a little refreshed as we have had some rain over the last few nights as well. Summer is humming!

One of the things we have noted that's been happening in the clinic, is patients are coming in for blood tests, and during that time raising other medical problems with the clinician they are seeing. This always takes much longer and can at times be the cause of our ongoing 'time keeping' challenges. Going forward, we will be asking people who do this, to make another appointment time for a consult, so our staff can complete all of the necessary actions for a full consult. On odd occasions if we are not too busy, the consult may be completed and the patient will be informed that a consult fee will be charged. It is important that our patients help us to use our appointment times effectively and please don't be offended if this happens to you, when you are visiting us.

With the changes to fees coming into affect nationally from December 2018, we are reviewing our fee structure. One change I can alert you to is a new fee called a 'team consult' fee. This will apply to situations where the GP and a Nurse have longer and equal involvement with a patient visiting the practice. This will be included in the updated fee schedule available in practice soon. Please don't be concerned about this as our basic fees are remaining the same.

We have a reminder request for those of you who are patients enrolled with the clinic. If you go to a specialist, or you may have had a trip to an Emergency department and had a change to your medications, can you please notify us when next in the clinic, especially if you are requiring a new prescription. Sometimes there is a delay in us being informed of changes by other services and if we don't know of the changes, an out of date prescription could be provided. We do not want this to happen, so please help us to get it right!

Till next time enjoy the summer,

Happy New Year everyone! Hasn't this been an amazing summer so far? We hope all of you have had an opportunity to get out and enjoy the sunshine. This is a great time to look back at highlights of the year just finished. Alongside the Colville Social Service Collective, the Health Trust was very active in the Colville Project, and will continue to be in 2019 as two of our Trustees are now on the Board of Trustees for the newly registered 'The Colville Project Charitable Trust'.

Some terrific fund-raising events took place - the Dinner and Dance with Charlie Searancke and News for TCP, participation in three community markets and the Tangiaro Spring Festival, and of course, our ongoing raffles at the Health Centre. A great number of people and organisations volunteer time and/or donate goods and vouchers to support these activities, and we are deeply grateful to all. In the coming year we will be doing 'the usual', but also thinking up new ways to keep the community entertained and supporting what we do. Keep an eye on the Panui for details as they arise.

Who are we

The Back Room Gallery is the Home of the North Coromandel Artists for the season of 2018 to 2019. Our group is made up of Artists, spanning Papa Aroha to the North of the Coromandel Peninsula. Whether we get our inspiration from the air, the water, the bush or the sea, it is all through the gallery and in abundance! Our gallery may be small, but our talent pool is huge!

Where are we

If you can find the iconic Colville General Store you are almost there!! Walk next door to the Foragers Kitchen, through their outdoor seating area and we are nestled in the back room (hence our name), on the right.

Our 2018/2019 Season

Our season runs from December 2018 through to April 2019. Our gallery is open from 10am- 4pm daily, everyday, with the exception of Christmas Day and Boxing Day. Contact us through our Facebook page @ Back Room Gallery, or email hann.white@gmail.com Located 2314 Colville Road, Coromandel
