Newsletter for the Northern Coromandel

Wild weather affected many people and locations around the Coromandel Peninsula. There is plenty of work to be done to ensure roads can open safely and we are endlessly grateful to the roading teams working on this immense project.

Work in progress on Port Jackson Road on Friday 17 February 2023.

Photo from the TCDC website.

Kia ora folks,
The last few weeks have brought great challenges and changes for all. I sincerely hope everyone is well, and finding joy where it can be found. Believe it or not, we are approaching the Autumn Equinox on our seasonal calendar on the 21st-23rd of March.

The autumn festival mood in many cultures was traditionally captured by a harvest feast, a story by the light of the first fire, and lantern walks at dusk. Wishing you magic at this treasured time,
Brooke, Pānui Editor

Working together with our communities

COLVILLE YOUTH GROUP

With our little community being more and more isolated by the weather and the toll it has taken on our roads, why not take this opportunity to get to know each other better? Youth Group this term would like to come visit your community.

Beginning this Sunday 5 March we will be celebrating Children’s Day at Otautu Beach, please come along, we will kick off at 3pm. Food will be provided but any contributions are welcome as well!

The following Sundays we will be visiting other widely known communities within the region. Such as Moehau and Tuataewa.

Parents are welcome to join, and if you live in these areas all ideas and contributions are welcome to be incorporated into our program.

If you are interested, or would like more information please email: Colvilleyouthgroup@gmail.com

Youth Group is offered free to all Colville Youth aged 6+

- Danielle

Colville Store News

Wow...a HUGE thank you to our community for their support! It's been a difficult 8 weeks for us, but we're pulling through. We do have quite a lot of unsold summer stock, so we're planning an 'excess stock' sale in March, keep an eye on our Facebook page and on the shop notice board for details!

To help us keep prices down we have a new plan for purchase and delivery of goods. More will be bought at Pak 'n Save, as prices there are the best for most grocery items, and delivered to us by a team of committed supporters of the store who will be asked to pick up 'click and collect' items on days they're in Thames anyway. They'll receive from us a contribution to their fuel costs. This could be you! If you tell us you're going to be in Thames on Day 'X', we can place an order to be ready for you. Please let the counter staff know you're keen to help, and we'll get your name on our list.

A reminder about organic fruit and vegetables orders - please add your name to our email list sent out each weekend, and email your order back to Ella by Sunday evening. Your order should be in by Tuesday.

colvillegeneralstore@gmail.com

A QUIZ FOR THE KIDS

1. What are the names of the seven dwarves?
2. What are the three primary colours?
3. What are the 13th and 14th letters of the alphabet?
4. Which famous magical book character has "a thin face, knobbly knees, black hair and bright-green eyes,"?
5. In which city would we find the characters of Hans, Kristoff, Ana, Sven? (And of course, Elsa)

Bonus Question: What is so special about these characters names when listed in this particular order?

(Answer pg19)

Kia ora Community,

We are hoping to get together a surf group for the kids of Colville school. Free lessons maybe one or two nights a week/weekend.

If anyone has any old (ideally foam) surfboards they would be happy to donate or lend for the kids to use that would be awesome! Can be drooped at the school or contact Jaclyn jac.hunt@gmail.com

Thanks!

"Never doubt that a small group of thoughtful, committed citizens can change the world."

Margaret Mead,
American cultural anthropologist and author

EXCITING DANCE NIGHT in COLVILLE HALL

24TH MARCH 8PM

A dynamic duo called GENRE FLUID from Nelson are on a NZ wide album release tour and will play for one night only, supported by KERRY XX straight from NZ Burning Man Festival.

See the poster to the right for more details.

This night will be fundraising for the **KIDZONE** behind the café which provides a safe and enjoyable area for our little ones for events. Food will be available to purchase all evening will all takings going towards the **KIDZONE**.

We will need donations of food to sell - cakes, sandwiches, etc. Please let us know if you can donate something or help selling food. (*Contact Steve: 021711489*). Coffee, tea and hot chocolate will be available also.

It's an all ages gig - kids 16 and under get free entry and it will be another LAE (low alcohol event) so no boxes or bottles of spirits allowed in hall, thanks. This will be a great dancing night with very entertaining music, look forward to seeing you there. - *Event Organised by Steve C*

Ko te Uumangawhaa taku whare ako

Haere mai, welcome to
Colville Bay Pre-school.

We are open Tuesday - Friday 8.45am -
3pm, including term breaks.

You are welcome to pop in for a visit
or call or email for more information
and enrolments.

*20 free hours for 3 year olds + and WINZ
subsidies available.*

Our Mini-van service from
Coromandel is on pause until the road is
re-opened and improved! It has been a
tricky time for a number of our families
cut off by road closures after Cyclone
Gabrielle. We are keeping in touch and
hope we can all get back together soon!

Matua Brandon is back, sharing his
knowledge and teaching us
waiata and kapa haka on 
Thursdays at 10.30 with the chil-
dren. Parents are welcome to join us.

We have been enjoying the sunshine
after the storm and grabbing our
opportunities to explore our local
environment with our taamariki both
here in te Uumangawhaa, and also
around Coromandel as we make some
special excursions to connect with our
families there.

Our children are
so at home by the
sea, this familiar
environment
forming a strong
link between
home-life, pre-
school and many
happy memories.
He Kauri ki uta,
he tohoraa ki tai.

Tenei wiki we enjoyed our first
Coromandel 'beach/bush kura'
adventure with our Kapanga –
Harataunga tamariki. We started with a
hikoi up to the great Kauri Grove,
identifying native plants and watching
the light bounce through the trees, then
bounded back down the track to play by
the sea. Nga
mihi nui ki a
koutou to
the whanau
who
supported
us on this
beautiful
day.
Looking
forward to
our next
adventure.

Ā Mātou Kōrero, Our Story

The recent extreme weather events have been an important reminder to keep it simple and focus on what's important. We know that all this change is going to impact our whānau, staff and students. We would like to acknowledge the focus and effort of all students when they have been able to attend school.

In 2023 we have made some adjustments to the timetable to ensure that we are planning for wellbeing so that it becomes part of who we are and what we do. This includes a 10 minute wellbeing time at the start of the day (**8.50-9.00am**) and after lunch (**1.00-1.10pm**). All staff and students continue to enjoy sharing kai together at lunchtime each day (**12.20-12.30pm**) as part of the Ka ora Ka ako programme. Four afternoons a week our students learn together in whānau groups (**2.10-2.50pm**) to build collaborative learning relationships across the school.

For the past couple of weeks we have been building huts inspired by *The Tree Hut* by *Wiremu Grace*. This has given the students the opportunity to explore and understand why we celebrate Waitangi Day. To understand how and why we honour our commitment to Te Tiriti o Waitangi, in part we've been drawing from resources on aotearoahistories.education.govt.nz and instructionalseries.tki.org.nz

Kupu Māori

Kupu Pākehā

In the Kitchen

He wā pai ki te tunu kai It's a great time of the
year to be cooking

In the Garden

He wā pai ke te mahi māra It's a great time

gardening

At the Table

Me karakia tatou We should say grace

Te Reo Māori:

He kupu Māori mō te kīhini, te māra, me te tēpu. Here are some Māori words we are going to be using in the kitchen, the garden, and at the table in Colville School.

- *Susie Sumner, Principal*

COLVILLE COMMUNITY HEALTH CENTRE

2299 Colville Rd, RD 4, Coromandel 3584

Phone 07 8666618. Fax 07 8666619 Text number for the clinic is 4448

Mon, Tues & Thurs 9am – 5pm/ Wed 10am - 5pm/ Fri 9am - 4pm

For the after hours service, phone the clinic number 07 866-6618.

The On Call person will be paged by the after hours service.

Please remember - If it's an emergency, dial 111

It's been a stormy time through the February stormy weather but compared to some, we were fortunate. The clinic was however, greatly affected for over a week at the beginning of the month with no internet or landline services and then with Cyclone Gabrielle, we had a power outage for a few days and our telephones and internet services were not restored for 11 days.

As well as our emails, it also affected our ability to send or receive any electronic medical data (ACC, referrals, results, and all medical communications with the outside world). Our telephone system outage was exacerbated by the cell towers not working in the area. The biggest challenge of all was the engineers who could not get here because of the road closures and with staff being called to more severe parts of the North Island. Our staff adapted and found solutions to continue to work in the best way given the circumstances.

A huge thank you to all those who supported us over this time, your help was immeasurable, and also to our patients who were very understanding and adaptable at this extraordinary time. It has been a great push for us to re-visit our disaster recovery plan and speed up the plans already in the pipeline to address such events.

We say Goodbye to Helen Weaver who came for 1 week and stayed 1 year. Helen came to us as an Extended Care Paramedic to work alongside Dr Kate. We have learnt from her skills and experience as she has ours. We wish Helen well with her service with St John. The laughter still echoes throughout the building.

We were fortunate to have a very experienced emergency medicine specialist come and locum for us for 2 weeks. Dr Adrian Kerner, originally from the UK, has been based at Waitamata DHB, North Shore Hospital and Waitakere Emergency Departments, working as a specialist with direct responsibility for the immediate management of the Emergency Medicine patients.

Adrian has worked around the globe and has had experience working in remote communities in Tonga and Cambodia. Adrian has also been a College Tutor in Emergency Medicine and Honorary Senior Lecturer in Emergency Medicine at Leeds University Medical School. All the staff enjoyed and benefited from Adrian's visit and the great news is, Adrian is keen to come back.

An important note about our telephones

When our clinic telephones are switched over to the out of hours service (Whakarongarau Aotearoa), we ask that you listen to the message. This service is used when we cannot take calls at the clinic and it provides a nurse and GP service. This is an excellent service and we encourage you to use it when appropriate for your needs.

We continue to train our new St John team at the clinic and we are grateful to St John for being able to partner with us in this first pilot in New Zealand. We understand that this is a huge change for our community but it does enable us to continue to provide an essential service to this remote location. We are committed to finding ways to continue to provide the best service we can to you in these challenging times.

It may seem a bit early to be thinking about it but we are already preparing for firewood season. We are keen to be ahead of the game this year rather than trying to play catch up or use our supplies sparingly. If you can help with supplying firewood, please get in touch. We would love to hear from you.

Wishing you sunnier and drier days,
Clinic Team

Interesting facts

about birds

- ⇒ The largest breed of bird is the ostrich, while the smallest is the bee hummingbird.
- ⇒ There are around 10000 different species of birds worldwide.
- ⇒ Birds have the ability to see the Earth's magnetic field. This is known as magnetoreception and it relies on the presence of the blue wavelength of light. They use this unique ability to help them navigate the globe.

Kia ora tātou,

At the Health Trust our thoughts are with everyone affected by

COLVILLE
COMMUNITY HEALTH TRUST

Cyclone Gabrielle, here in our own community and everywhere it had an impact.

The Health Centre (Clinic), like the rest of the community, lost power, phone, and internet, making it extremely difficult for more than a week to offer health care to the community. Changes are now underway to prevent this happening again, with an upgrade to an internet provider and phones independent of the traditional phone lines. This doesn't solve the whole problem though, as in a power outage a generator will be necessary for the clinic to continue operating this system. Generators are expensive and difficult for our small clinic to afford. So in our role of supporting the provision of health services we are asking if someone out there could *donate either the money to buy a good generator or in consultation with us, buy and donate one that meets our needs*. Phone 07 866 6618, or email Emily at colvilletrustmanager@gmail.com if you can help.

We would also like to remind everyone that we have some wonderful health practitioners who visit the Health Centre to offer their services to the community. Please contact them directly for an appointment. Details below.

Massage: Briar Van Dort, 022 402 9681

Mahamudra Centre Update

I have been reflecting on how wonderful our small community is. There was such a great vibe in Colville post-cyclone Gabrielle, with everyone coming out to meet and greet each other and check in on their friends and family elsewhere using the internet that Lena so kindly set up at the Hall. With the roads so damaged we will likely have less visitors and so this is the time to come together and support all the local businesses and enjoy what we have right in our backyard, we have so much!

All human beings are fundamentally the same in looking for lasting happiness and meaning in life, but we will not find these things in the external world alone. According to Buddha's teachings we need to understand the nature of our mind and how it functions in order to achieve our deep human aspirations. We are so lucky to have a place like the Mahamudra centre as a colourful piece in the mosaic of the Colville community - a place that offers refuge from the stresses of daily life and a space to learn about our own mind and how to become truly happy.

There is always a place to come and be - in the Gompa (meditation hall) or in the grounds for a picnic, they really are stunning! We have morning meditations Monday-Friday at 8:15am, and we will keep this meditation schedule until Easter. We also have regular retreats running and we offer a discount to locals who want to join. The kettle is always hot for a cuppa too!

These are the courses and retreats coming up that can help you tune into the nature of your mind, or just take a bit of time out. - Beth Pearsall

2-5 March – ***Summer Glow retreat with Wild Stillness Retreats***

10-13 March – ***Medicine Buddha retreat with Venerable Tony***

17-19 March – ***Vajrasattva retreat with Venerable Tony***

24-26 March – ***Breath as Medicine retreat with Hedwig Bakker***

6-10 April – ***Easter Retreat with Geshe Wangchen***

Morning meditation Monday – Friday 8:15-8:45am All welcome!!!

Community Law **Waikato**
Te Tari Ture ā-Hapori o Waikato

Part of the National Community Law Movement

Kia ora tatou! Our hearts go out to everyone affected down country by Cyclone Gabrielle. What a harrowing experience it was seeing the trees bend and hearing the wind howl. If you want to help support the birds after such an event, setting up a backyard feeding station with a nectar feeder is one thing you can do. Kākā, korimako (bellbird), tauhou (silvereve), and tūī are all native bird species that love drinking nectar from a feeder. To make a sugar solution, dissolve half a cup of sugar to four cups of water and leave it in a shallow dish. The more colourful the feeding station is, the more likely it will be to attract birds.

Farewell to Terry Whitehouse

The MEG team were devastated to hear of the recent passing of Terry Whitehouse – a stalwart champion of conservation in the Northern Coromandel. Terry made thousands of rat and stoat traps in his time with us as a volunteer, and was popular with school children, teaching them how to make their own rat traps. Terry was also instrumental in setting up the children’s forest near Waikawau Bay, spending over 15 years on annual planting missions with the Colville School. He was actively involved in the pāteke and North Island robin releases that occurred in the Moehau region, and he helped many to do backyard trapping of possums or replant native trees. He was always a practical, cheerful, sparkling personality, a person who would help anyone at any time. We miss him dearly. His legacy is large - the trapping work will go on thanks to his generous gift of time and expertise.

*Greatly missed MEG volunteer
Terry Whitehouse*

MEGa Pest Attack gets Possum Control

With good rodent and mustelid control already in place in our 450 ha Port Charles MEGa Pest Attack project, work is now underway to reduce possum numbers. With support from Lotteries and WRC we have been able to secure funding to install a trap network of possum traps to reduce numbers within the project area. Monitoring over the last year shows the highest density of possums is in the new southern area, so we are focusing our trapping efforts here initially with a network of AT 220 self-resetting traps around the boundary and into the core of the area. Ongoing monitoring of both the catch from each trap and wax tag monitoring of possum bite marks will be used to determine how we change the trapping network. With a baseline wax tag monitoring index of 62% possum bite marks in the worst area, we'll be looking forward to seeing the difference over time. An initial 75 traps have been purchased and delivered and are being installed now. From the first night the traps are proving to be effective with catches already occurring!

Thank you to Annemieke Kregting

Lastly, local bird rescuer Annemieke Kregting from *Kuaotunu Bird Rescue* is set to retire at the end of March after 15 years of working 7 days a week in rehabilitating injured or sick birds. We want to say a huge thank you to Annemieke for her dedication, incredible heart, and for everything she has done for our bird life. We look forward to having Annemieke come and present as part of our *Winter Lecture Series*. This will be a great opportunity to learn from her extensive experience.

Ngā mihi nui! Follow us on Facebook @moehauenvironmentgroup, contact us at info@meg.org.nz or make a donation by visiting our website www.meg.org.nz

Farm Shop & Cafe
COLVILLE VILLAGE

March

9am to 4pm daily

nights Fridays till 6.00pm

We are licenced.

Wow, what a challenging couple of months we have all had! We really want to say a massive thank you to all of you who have been super supportive during this time. We also want to thank all of the amazing people we have in this community who have kept us safe, reassured and connected.

Also, I want to say thank you to our lovely Harriet who we say so long to...but not for too long, this month. She has been a ray of sunshine at the Pickle during these rainy days.
